

**Steve Winston, NFCA 1st Vice President
American Coatings Corporation
Ashland (Richmond area), VA**

Steve Winston is Sr. Vice President at American Coatings Corporation in Ashland, VA. As a family owned and operated fireproofing company incorporated in August of 1978, Steve has worked at American Coatings Corporation his entire career.

He started at American Coatings Corporation in 1990, after graduating with a Bachelor of Science in Business Administration from Elon College (now Elon University) in Burlington, NC. Steve played collegiate baseball for his 4 years at Elon, an NCAA Division 1 University.

Steve started in the field as a fireproofing sprayer and worked in the field for the first 15-20 years of his career. He is currently responsible for all estimating, project management, and overall management of the organization.

Steve and American Coatings joined NFCA in 2002, and has been an involved member company since NFCA's inception. Steve is currently a NFCA DRI for both SFRM and IFRM and American Coatings is a NFCA Accredited Contractor. Steve is married with 2 children and can sometimes be found at a golf course or on a body of water fishing. He can be reached at accfireproofing@aol.com.
