

**George Fine, Vice President & Senior Estimator, True Fireproofing
Tulsa, OK**

George Fine started his career serving as a draftsman for a cell tower inspection company rising to the ranks of Regional Project Manager.

His second job – True Fireproofing – is where he continues working today in the fireproofing industry. Projects include all types and sizes of commercial and industrial fireproofing projects. George has over 20 years with True Fireproofing and has served as an Estimator, Project Manager and currently Vice President. He also serves as a True Fireproofing's Designated Responsible Individual (DRI) as a NFCA SFRM & IFRM Accredited Company.

George has attended NFCA conferences since 2011, has spent his complete fireproofing career exposed to the NFCA, and looks forward getting more involved with NFCA.

George enjoys time with his large extended family, Wife, 2 boys, football, basketball and hunting, anything outdoors. He can be contacted at GFine@TrueFireproofing.com or 918-671-4549
