

**NFCA SFRM and IFRM
DRI Contractor Accreditation Program Fireproofing Training
March 18-20, 2019**

How to Become a NFCA Accredited Contractor:

1. Send a qualified employee to attend the NFCA Contractor Accreditation Program Training for Designated Responsible Individual (DRI) and pass the examination with a score of 80% or more.
2. DRI's are required to have two years experience involved in installing passive fireproofing; and provide a certificate or letter from your IFRM/SFRM product supplier stating you, as the company's DRI, have received product training by the supplier and have been involved in installing the supplier's product for a least two years.
3. Be a NFCA Member with at least two years of experience installing fireproofing products and 20 projects completed.
4. NFCA will send a license agreement to sign and return with the initial license agreement fee (\$500 each / \$750 both)
5. Upon return of the completed license agreement you will receive the NFCA Contractor Accreditation Seal with your company name and be listed on the NFCA Website as a NFCA Accredited Contractor.
6. The DRI is required to complete 10 hours of training per year or 30 hours over 3 years, to maintain the Accredited Contractor Status. Attendance at the annual NFCA Conference satisfies the required 10 hours of training per year.
7. NFCA Accredited Contractor pays an annual fee of \$250 for both accreditations, or \$200 for single accreditation.

Important information to know:

- NFCA CAP DRI Training is a great opportunity for contractor members to provide training to their employees regardless if they become accredited or represent the company as the DRI.
- Participants attending both the SFRM and IFRM Training begin Monday, March 18 at 1:00 p.m.
- Participants attending the SFRM Training only, begin Tuesday, March 19 at 8:00 a.m.
- IFRM participants must bring an electronic thickness measuring device to be used during the training & with the exam.
- A NFCA Training Manual will be shipped to registrants prior to the training to review and bring to the training course.
- A grade of 80% is required to pass the exams. Test scores will be confidentially communicated to each attendee.
